

HOW TO SEARCH FOR COMPLETED RAC SURVEY RESULTS

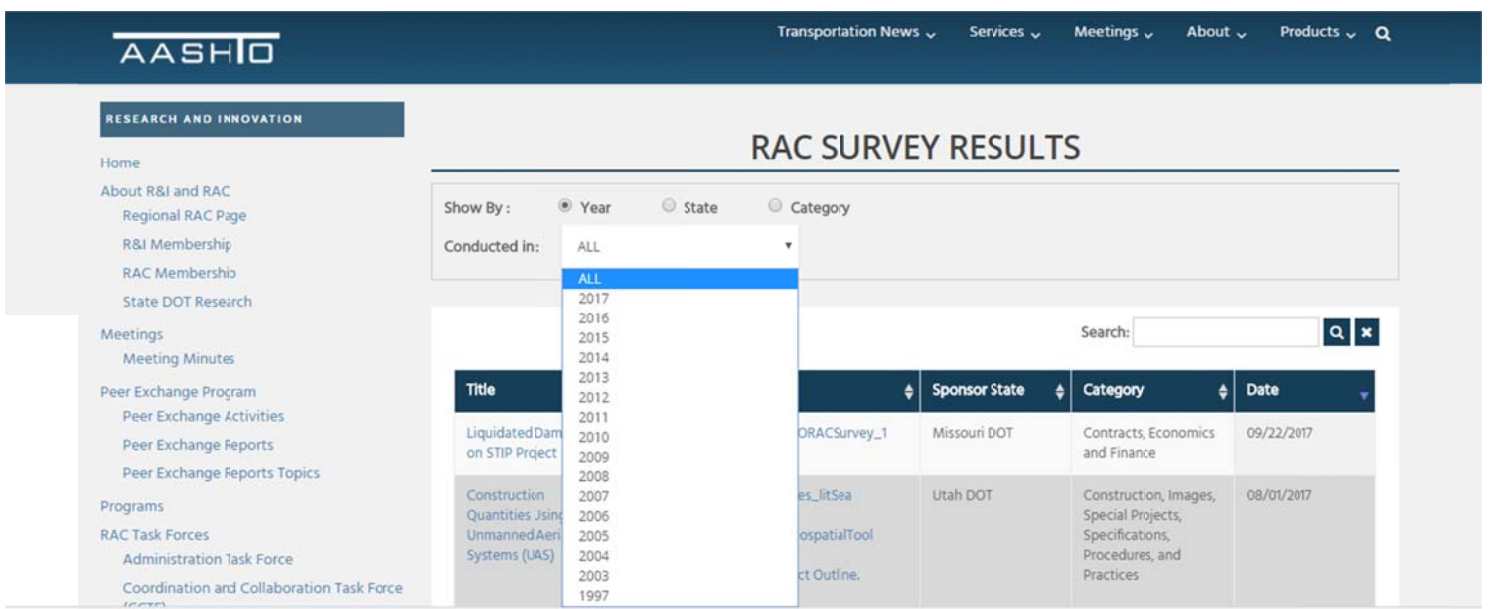

1. RAC Surveys can now be viewed organized By Year, By State, or By Category. To change the view, click on a radio button in the “Show by” row at the top of the page.

View of surveys By State:

2. Within these views, you can see All surveys, or make a selection from the drop-down menu to view a subset of these records by individual year, state, or category.

Sample screenshot of the drop-down menu for viewing By Year:

3. The RAC Surveys database has an enhanced search feature, so that you can search specifically within the surveys, rather than sitewide. Type your search word into the box and click “Go” to search. Clicking on the “X” button will clear the search term so you can search using another term. Note: The search feature works within “All” surveys and within any subset of the surveys. For best results, make sure you are searching within “All” surveys.

Sample search results for “concrete”:

The screenshot shows the AASHTO website's RAC Survey Results page. The search bar contains the term "concrete". The results table is as follows:

Title	Results	Sponsor State	Category	Date
Sidewalk Petrographic Tests	SIDEWALK_CORING_SURVEY_RESULTS.xlsx	Montana DOT	Concrete Materials, Materials	07/12/2017
Thick Overlays on Concrete Bridge Decks	Survey_Results_ThickOverlays_onConcreteBridgeDecks_30Sep2016.xlsx	Utah DOT	Bridges, Construction, Maintenance of Way and Structures, Materials	09/13/2016
Premature Bridge Deck Failure	BRIDGE_DECK_PREMATURE_FAILURE_QUERY	Montana DOT	Bridges, Concrete Materials	07/08/2016

4. Survey records can be sorted by clicking on column headings to refine the order in which they are shown. The following column headings are clickable: Title (alphabetical and reverse alphabetical order), Sponsor State (alphabetical and reverse alphabetical order), and Date (chronological and reverse chronological order). Click once for alphabetical or chronological order; click again to reverse the order.

Sample of results from clicking the Title column heading (alphabetical order):

The screenshot shows the AASHTO website's RAC Survey Results page with the results sorted by Title. The search bar contains the term "concrete". The results table is as follows:

Title	Results	Sponsor State	Category	Date
Asbestos in Bridges and Asbestos Testing	SURVEY_RESULTS-Asbestos.XLSX	Montana DOT	Asbestos, Bridges, Concrete Materials, General Materials, Specifications, Procedures, and Practices, Testing and Instrumentation	07/10/2013
Bridge Deck Finishing Machine Failure	IA DOT Survey on Bridge Deck Finishing Machine Failure	Iowa DOT	Bridges, Concrete Materials, Construction	05/13/2016
