## Research Program and Project Management (RPPM) Home

### Welcome

This site allows the transportation research community to:

- share information and
- communicate, coordinate, and collaborate on shared issues.

Over time, we envision this site as the go-to, collective set of best practices for:

- planning,
- funding,
- conducting,
- managing,
- implementing,
- sharing, and
- evaluating research programs, projects, results, and products.

The richness of this site comes from the announcements, discussions, documents, events, and links contributed by the research community.

### Register to Contribute Content

We need you to help us make this a vibrant one-stop-shop for transportation research program and project management information by:

- adding an event or link,
- posting an announcement or document, or
- starting a discussion.

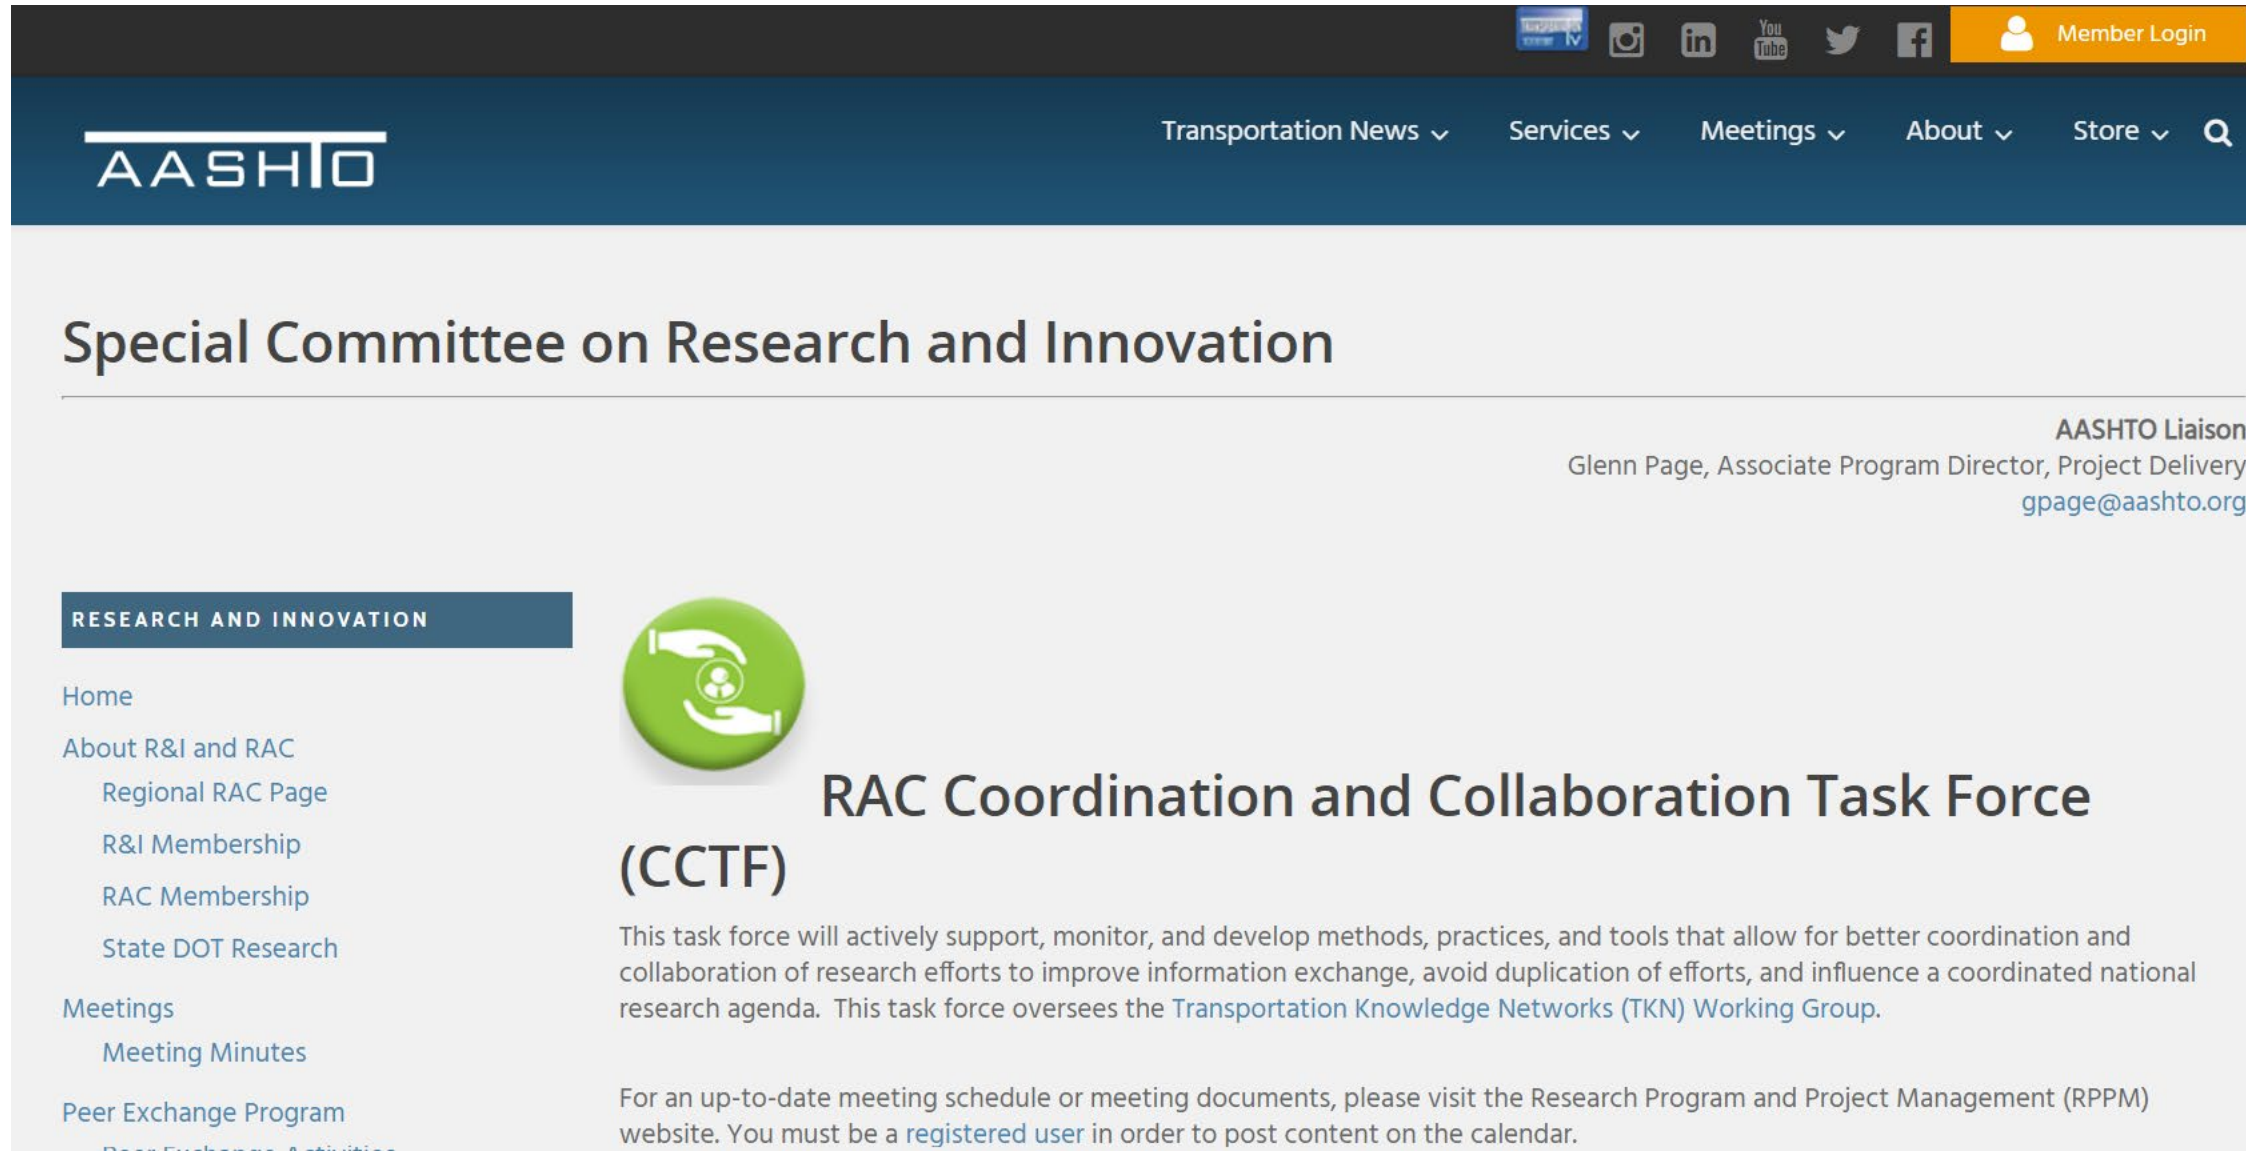

### Clearinghouse Links

- [Adaptation Clearinghouse](#)
- [Crash Modifications Factors](#)
- [National Work Zone Safety Information Clearinghouse](#)
- [Public-Private Partnership Policy](#)

# Coordination and Collaboration

The screenshot shows the AASHTO website header with the logo on the left and navigation links for Transportation News, Services, Meetings, About, and Store on the right. A Member Login button is also present. The main content area features the title 'Special Committee on Research and Innovation' and the name of the liaison, Glenn Page. A sidebar on the left lists various links under the 'RESEARCH AND INNOVATION' heading. The main content area includes a green icon of two hands holding a globe, followed by the title 'RAC Coordination and Collaboration Task Force (CCTF)' and a paragraph describing the task force's mission. A final paragraph provides information on how to access meeting documents.

### RAC Coordination and Collaboration Task Force (CCTF)

This task force will actively support, monitor, and develop methods, practices, and tools that allow for better coordination and collaboration of research efforts to improve information exchange, avoid duplication of efforts, and influence a coordinated national research agenda. This task force oversees the [Transportation Knowledge Networks \(TKN\) Working Group](#).

For an up-to-date meeting schedule or meeting documents, please visit the Research Program and Project Management (RPPM) website. You must be a [registered user](#) in order to post content on the calendar.
