Chair, AASHTO Research Advisory Committee
Director of Transportation Research, Maine Department of Transportation
16 State House Station
Augusta, ME 04333

Dear Mr. Peabody:

Due to recent staffing changes in the Office of Corporate Research, Technology, and Innovation Management, we would like to update the required recipients list to whom State Departments of Transportation (DOT) should send electronic copies of their final State Planning and Research reports. Effective December 3, 2020 please send electronic report copies to the recipients listed below.

Should the State DOT wish to send printed copies of the research reports, please include only one copy in printed form. Transmission of these reports in electronic form is required and reports from State DOTs should be submitted in one of the following formats:

1. As electronic documents.
2. Reports too large to be sent via e-mail may be submitted in CD, DVD, flash drive or other electronic media.
3. As web links (as long as the link leads directly to the document with no intervening logins or passwords required).

Please send electronic copies to the following recipients:
